

Shoring reinvented.

OmniShore
Safety secured.

First responders need shoring equipment that is as intuitive, versatile and smart as they are. That is why we have developed OmniShore, a shoring system reimaged from the ground up and designed in accordance with unparalleled standards of quality and safety.

Patented innovations such as the Trident Coupler and OmniLock system allow you to build unlimited applications with less parts, experience a seamless setup with less handling and take full control with less manpower.
